1. Open Meeting

Members present: Amanda Dezotelle, Sarah Schifilliti, Brooke Stygles

Community/School member: Betzi Goodman (School's interim principal)

Meeting called to order at 7:10pm

2. Additions and Deletions – none at this time.

3. Community Input –

Discussion regarding gym usage and input was given by Ms. Goodman. The gym is currently being used for services and classes within the school. To utilize the gym during the week would not be practical. Weekend usage would be fine, but the gym would need to be set back up as found and all would need to follow the Lamoille North Supervisory Guidelines. Background checks would also be needed for all volunteers.

4. Basketball Sign Ups –

33 people signed up for basketball with limited number for coaches and volunteers. Some forms were returned with interest in other sports such as cheer and soccer. Amanda suggested we have community events throughout the winter including basketball and outdoor sports instead of having a full season of basketball due to the challenges of space, volunteers, and interest. Brooke seconded all were in favor.

5. Town Report Request – Appropriations.

The committee agreed that they would request the same amount for appropriations from the town as last year as cost of new equipment for baseball and other sports would be high.

6. Sign pay orders -

Payorder was sent to all members of committee and approved. Amanda will forward to the town office to have payments sent.

7. Close meeting – 8:10pm
